Student Applicant’s Name: ___________________________ School: ________________________________

Instructions

To be considered for admission to a Connecticut Technical High School, you and your child must complete this application with the appropriate signatures and return it to your school counselor, principal or teacher. Your school will complete the sending school section of this application found on page four, and forward your application, completed student interest form, transcript of grades, most recent Smarter Balanced Report, attendance, and discipline record to the 1st choice Connecticut Technical High School. This is the first step in the process. Incomplete applications will not be processed.

All CTHSS schools rank students in the same manner but the number of students selected can vary based on the size of the school and the number of applicants. A “First Step” letter is sent to students who are selected to move forward in the application process. Additional student records will be requested for all students including those students receiving special education and 504 services. Please note that for students with special needs, a Section 504 or PPT meeting will determine what special education and/or related aids and services the student needs in the CTHSS environment. Upon enrollment, the CTHSS will ensure that needed services are provided to the student and that the student receives a free appropriate public education (FAPE). *In limited instances, a 504 or PPT meeting may determine that the CTHSS is not an appropriate placement for a student to receive a FAPE.

Applications will not be processed without the following information:

- Previous and current year transcript
- Previous and current year discipline record
- Completed Student Interest Form
- Previous and current year attendance report
- Most recent Smarter Balanced Report

The complete process is as follows:

Beginning in Early February-

1. Selected students receive a “First Step” letter from a Connecticut Technical High School
2. Technical High School receives the signed Parent Response Form (sent with the “First Step” Letter)
3. If applicable, Technical High School receives IEP/504 records as soon as possible (within ten days of request)
4. If applicable, PPT/504 meeting convenes with CTHSS staff and determines appropriate program at a Technical High School

Final Step, at the end of current school year and no later than July 6, 2018:

5. Technical High School receives health records including immunization as required by law and EL program records (if applicable) from the school in which the student is presently enrolled
6. Technical High School receives final eighth grade transcript indicating successful completion of eighth grade or ninth grade transcript if applying for tenth grade
7. Technical High School receives final discipline record that indicates no serious disciplinary infractions
